

I am a DI Team Manager; how do I access my resource materials on the DI website?

1. Many materials and universal information are available on the DI home page at: <https://www.destinationimagination.org/>

Check out these menu links for general information:

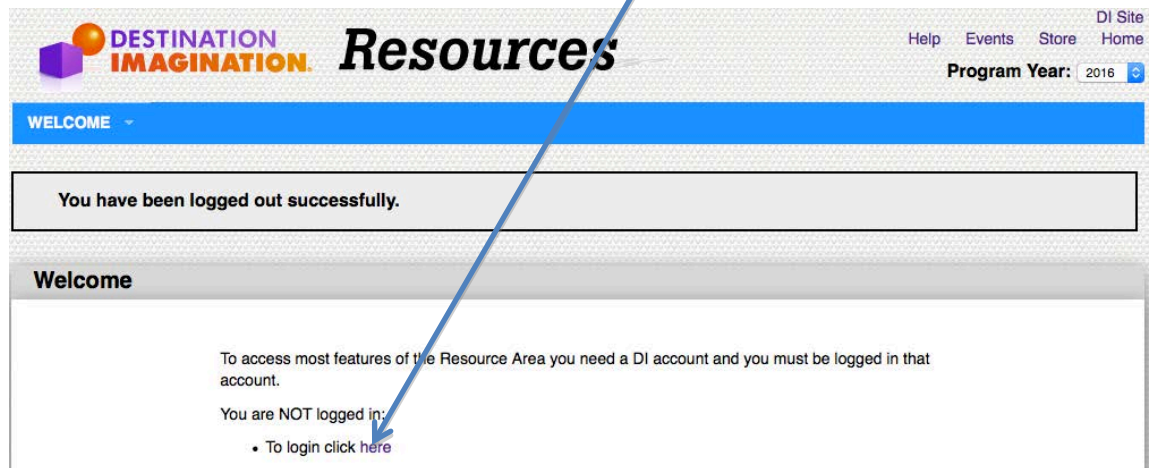

2. Specific information and access to those resources are protected from public view. As the Team Manager of a 2016-17 Team Number, you are granted access to such materials. However, you must have a DI account and be assigned as a Team Manager in the Data Management System (DMS).

3. If you have a DI account and have been assigned by a Coordinator as a Team Manager you are ready to go!

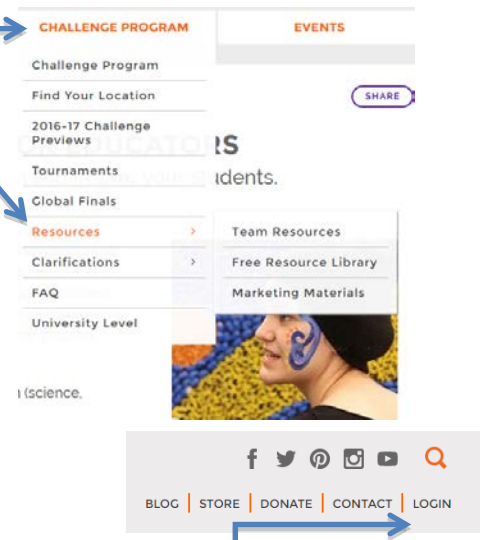

A. Go online to: <http://www.destinationimagination.org>

B. Click on LOGIN in the top right ribbon or click on the link: <https://www.destinationimagination.org/challenge-program/team-resources/>

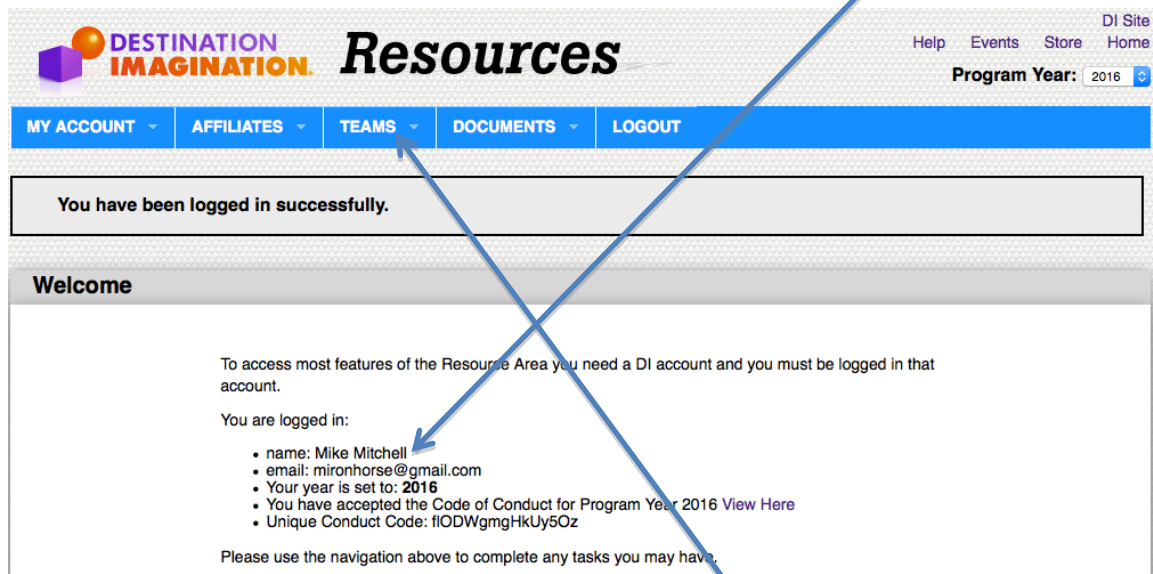

C. You will be asked to log into your DI account.

D. Enter your email address and your password and click the LOGIN button.

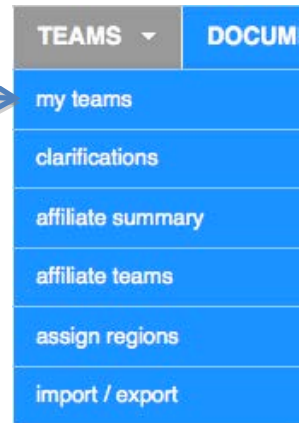

E. The front page of Resources will open showing your Welcome information.

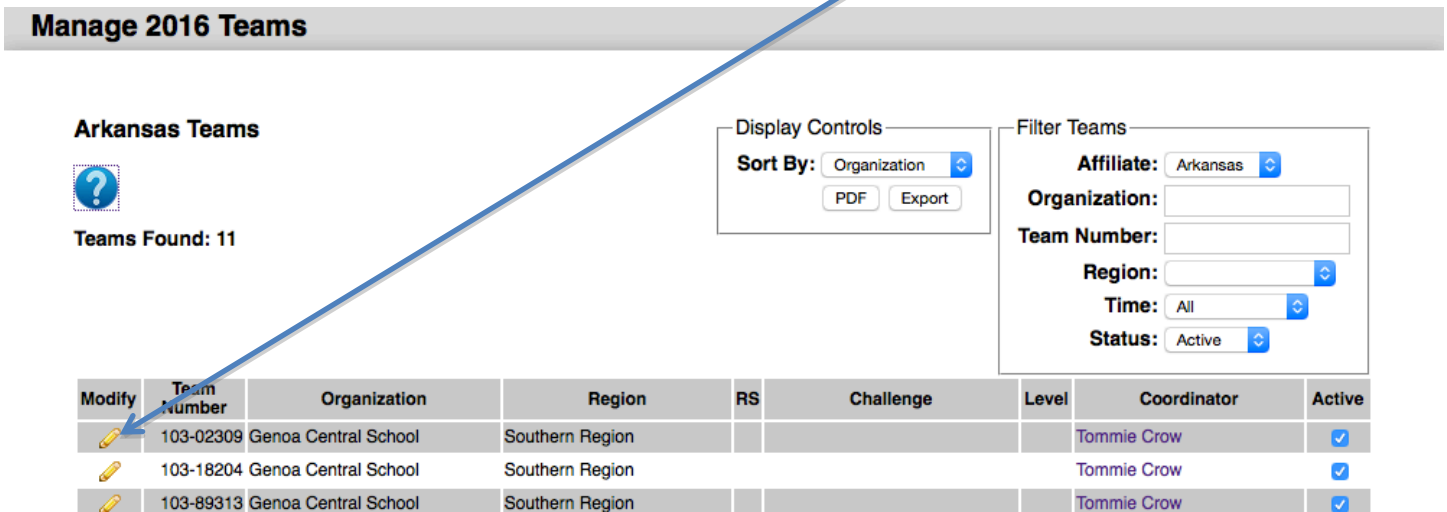

F. To view and edit your Team information, click on TEAMS.

G. Now click on MY TEAMS.

H. A new page will open showing all the teams for whom you are the listed Team Manager.

I. You may edit a team's information by clicking the MODIFY (pencil) button.

J. The Edit Team page will open and your name will be shown in the Team Managers box. (This is a sample view and no Team Manager has been assigned to this team.) As your team develops, you may add information like: Team Name, Challenge & Level.

Edit Team

Edit 2016 Arkansas Team 103-02309

Team Number: 103-02309

Organization: Genoa Central School
